

NATURE & ECOLOGY ORGANIZATION (NEO)

Do you like catching frogs? Enjoying wildflowers? Trying to identify animals by their footprints? Chasing after butterflies? Being outside? Going for hikes?

We are the 4-H Nature and Ecology Organization SPIN Club, which explores everything related to the environment.

March 18 - Wildlife Art at Fox Brook Park.

April 15 - Human Impact on Vegetation at Glacier Cone Park.

May 20 - Geocaching at Kettle Moraine - Lapham Peak Unit. Learn how to use compasses and GPS devices to navigate

June 17 - Water Quality Testing at Menomonee Park. Taking samples of the water testing it for different properties.

August 19 - Photographing Nature at Minooka Park.

September 16 - Entomology at Nashotah Park. Bring your net or use one of ours. We'll be catching and identifying insects.

October 15 - Forestry at Muskego Park. Learn how to identify trees without using their leaves! We'll also learn about measuring the height and usable quantity of a tree.

Location: Various State, County* and City Parks around Waukesha

Times: 10:00 am to 12:00 pm

Dates - 3rd Saturday of the month from March through October, except for July due to County Fair

***There is a \$4 entry/parking fee at Waukesha County Parks**
